MODULAR METAL ROOFING TILE

26 GAUGE, G90

Supre and Ulta are made from ArcelorMittal steel – the largest steel producer in the world

ArcelorMittal

Steel is durable

Steel roofing products have nearly twice the lifespan of conventional roofing products

Steel is eco-friendly

Steel can be recycled endlessly, which makes it one of the most environmentally friendly materials

Steel protects

Our steel roofing products have achieved the highest hurricane wind protection, hail impact and fire safety ratings in the US

Extreme weather and impact protection

Against hailstorm, rain, snow, heat and wind
Our products have achieved Class 4 ratings according to the UL 2218 Roof Impact Classifications

Fire protection

We got an “A” in fire protection according to the UL 790 (ASTM E 108) Fire Protection Ratings

High wind protection

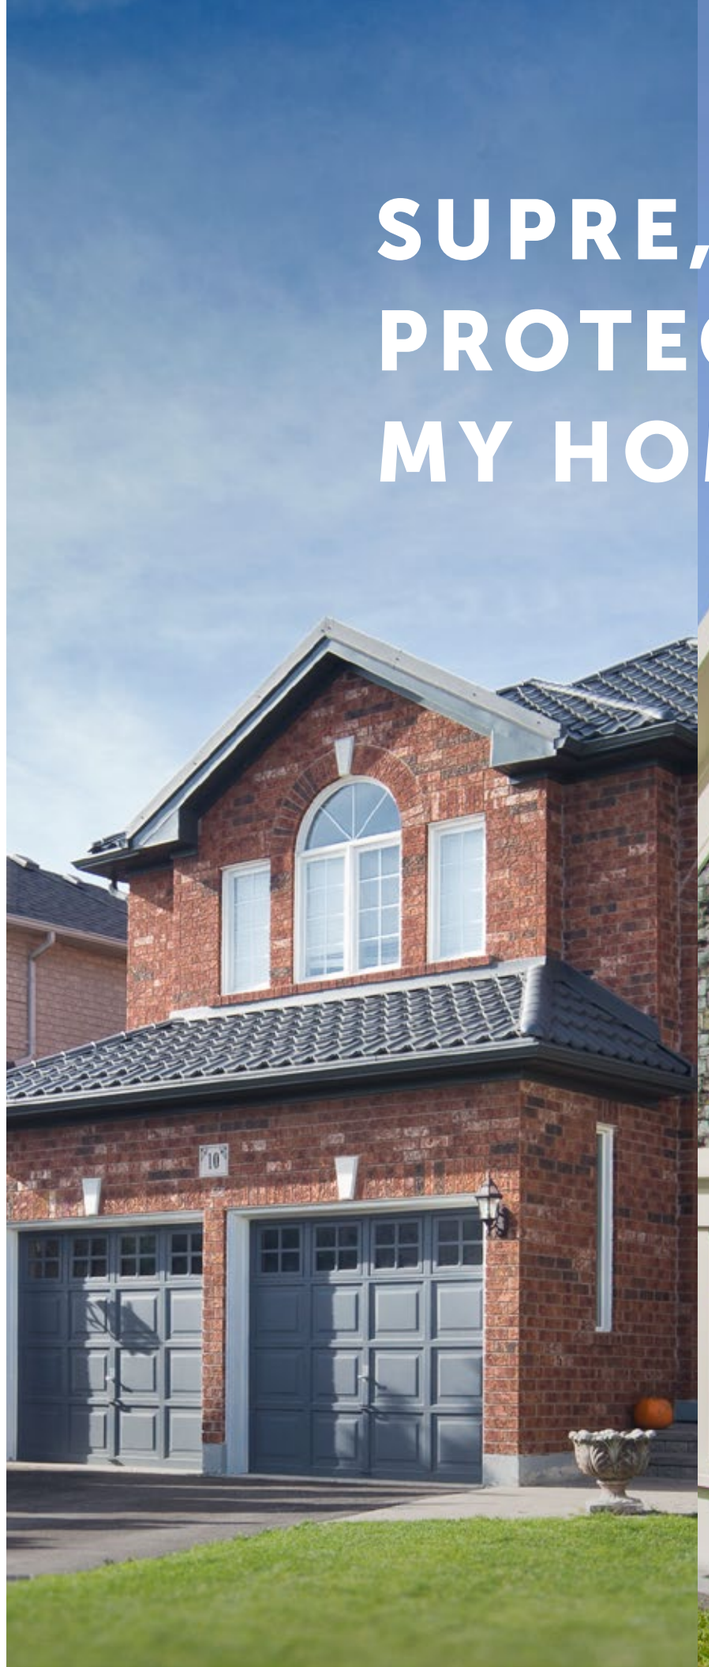
We achieved the Class 90 certification for the UL 580 Wind Uplift Resistance test. We have tested our products at wind speeds over 200 mph

c UL us LISTED CLASSIFIED UL

The quality of our roofs has been recognized and certified by the Underwriters Laboratories. UL is the largest independent testing laboratory in the world. It is dedicated to promoting safe living and working environments.

MIAMI-DADE COUNTY APPROVED TDI CRRC COOL ROOF RATING COUNCIL RATED PRODUCT

SUPRE, ULTA PROTECTS MY HOME



PROTECTIVE SHIELD

LIFETIME WARRANTY LIMITED

Covered with the Noble Matt coating, it effectively protects against long-term wear and provides maximum corrosion resistance in any conceivable application.

Stable and constant

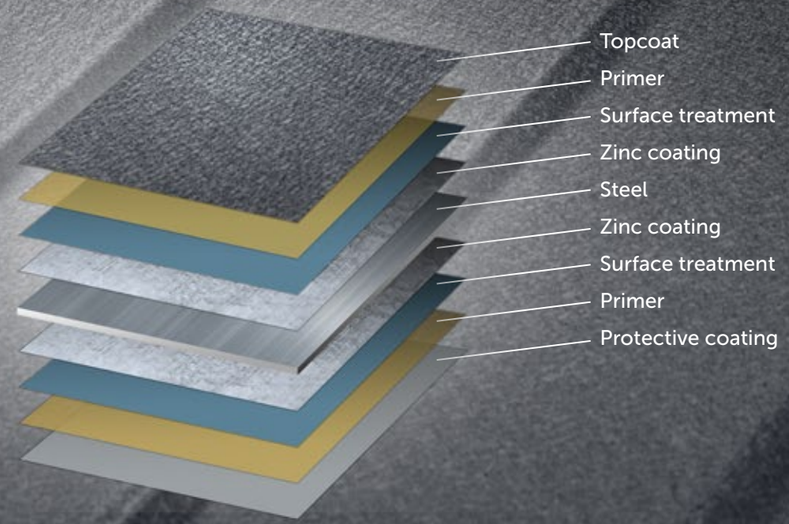
The Noble Matt coating not only protects against discoloration, but also functions as an all weather shield.

It says no to re-roofing

Forget about re-roofing. Supre and Ulta will serve you reliably for generations. The steel and protective shield form a really powerful duo of protection.

G90 0.90 oz/ft²

ZINC 275 minimum g/m²



SUPRE & ULTA ARE EASY TO INSTALL

SUPRE

Weight of one pallet:
2920 lb

Quantity per pallet:
350 pcs

Effective surface area of one pallet:
3032 sq. ft

ULTA

Weight of one pallet:
2650 lb

Quantity per pallet:
319 pcs

Effective surface area of one pallet:
2739 sq. ft

Simple transport

One pallet contains over 3000 sq. ft (Supre), 2700 sq. ft (Ulta) of material – enough to cover an average size roof

Easy to install

Pre-drilled holes and modular assembly speed up installation and reduce mistakes

Cost effective installation

Our products average less than 5% waste during installation compared to industry norms greater than 10%

Take to the sky with Raven Black

Ravens are very intelligent birds, which played an integral role in the mythology of the indigenous peoples of the Pacific Northwest, as well as art and literature.
For many cultures the bird was a religious symbol. Some even believed that it was God.
Raven Black. The color of freedom

Dive deep into the Pacific Gray

The Pacific is the largest and deepest ocean on Earth. It covers almost 1/3 of the earth's surface. Its depth reaches more than 35 thousand feet.
Pacific Gray. The color of mystic nature

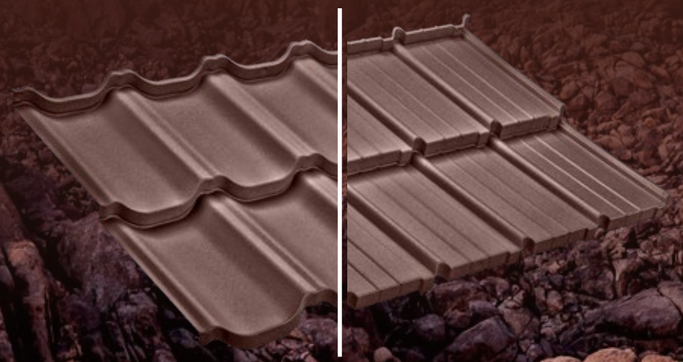
Sierra Brown

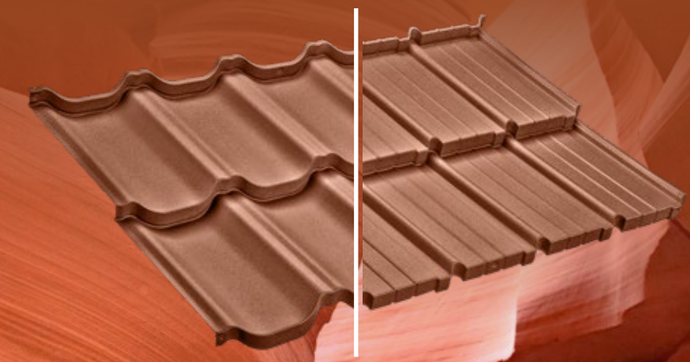
Worthouse.®

Canyon Red



Dare to conquer with Sierra Brown

The Sierra Nevada is a mountain range in the Western United States.
Its highest peak – Mount Whitney – reaches an elevation of 14.505 feet.
The foothills of this mountain range are home to the California Gold Rush of the 19th century.
Sierra Brown. The color of a true conqueror



Experience Canyon Red – one of nature's true wonders

The Grand Canyon is the largest river gorge in the world, located in Arizona.
It is 277 miles long, about 6.000 feet deep and the home of whitewater rafting.
Canyon Red. The color of adventure

Excellent tightness

Flamingo elements are moulded in specially designed, patented moulds. Forget about the leaks when assembled

Only the best materials

Flamingo was manufactured from GreenCoat RWS (Rain Water System) steel produced by SSAB – a Swedish global steel company. GreenCoat RWS was developed specifically to create high quality gutter systems

It has a double sided coating and is exceptionally durable. Coatings used in GreenCoat RWS products include polymer grains, which improve the surface scratch resistance

Evenness for years

Flamingo has a 30-year warranty for the C1-C4 environmental class (industrial and coastal areas with a high aggressiveness of the corrosive environment)

Safe transport and storage

Flamingo elements are factory-protected with foil.
We transport it in specially designed packaging and care about the highest standard of storage

High resistance to environmental conditions

GreenCoat RWS products are a lightweight construction material with a beautiful shine. They are very resistant to corrosion, UV rays and scratches

Complete steel roof

Flamingo is ideally suited with Worthouse Modular Roofing Tiles

Easy and fast assembly

Flamingo components are made with care for the smallest detail and fit together perfectly, making the assembly fast and easy

Extra strong gutter hangers

Flamingo hanger can easily carry weight of 165 lbs

G90 0.90 oz/ft²
ZINC 275 minimum g/m²

The system is made of the best quality steel covered with zinc 0.90 oz/ft²

Proven system

It is the best system for metal roofing. Recommended by roofers.
Flamingo has been a success for many years
